

FIG. 1 is a cross-sectional view of a device 10, showing a substrate 10 with a series of vertical structures 20. Each structure 20 includes a base 24, a central core 28, and a top layer 42. The structures are spaced apart by a distance L. A width W is indicated for the central core 28. The top layer 42 is shown with a series of horizontal lines, suggesting a layered or textured structure. The device 10 is shown in a perspective view, with the top surface of the substrate 10 and the side surfaces of the structures 20 visible.
